

Bring Hidradenitis Suppurativa to Light

A chronic, debilitating skin condition suffered by millions worldwide. We are raising awareness to help promote compassion, understanding and research.

We are also honoring those who have lost their lives due to HS-related complications. Help raise awareness by participating in the online candlelight vigil.

Sunday, December 9th, 2018 6-7 pm

WOODRUFF PARK, 91 Peachtree St., Atlanta GA

Please try and use battery-operated candles. Thank you.
